		If deemed eligible to receive a reduced tuition rate, your customized variable tuition amount should remain confidential at all times between the Tuition Evaluation Committee, Director of Operations and you, the applicant. This information should not be shared with other Lighthouse families as each family situation is unique.
		Should your financial position change from the time of your application, you are required to inform the Tuition Evaluation Committee accordingly. These changes include, but are not limited to, a change in employment status, receipt of financial assistance from outside sources, the acquisition or sale of assets, or any change in the number of siblings/students enrolled.
		If actual income exceeds your anticipated income as reported on your application by more than \$20,000, you must notify the Tuition Evaluation Committee within 30 days.
		I understand that full, accurate, and honest disclosure of all financial information – including income, assets, business revenue, investments, gifts, and assistance – is required. Any withholding, minimizing, or misrepresentation of information will jeopardize current and future eligibility, including potential loss of any awarded grant.
		I understand that the Tuition Evaluation Committee may include information identified through public record in their evaluation process. This includes public websites, social media, government records, real estate valuation/sales websites, etc. Requests for

		clarification/confirmation of additional identified information may be requested of applicants.
		I understand that the Variable Tuition Review process is a multi-faceted evaluation, taking into account not only household income, but also a holistic look at a family's overall financial picture such as total assets, liabilities, personal savings, home equity, and other holdings.
		I understand that students receiving variable tuition must demonstrate good academic standing and conduct. Disciplinary issues may be reviewed by the Tuition Evaluation Committee and may impact current and future grants.
		I understand that our FACTS account is to remain current in order for the discounted tuition to be sustained.
